CATEGORY

TYPE

MEN'S

DESCRIPTION:

The Montana Midlayer is a versatile full-zip, hooded sweater designed for comfort and performance. Made from an airlayer fabric blending recycled polyester, rayon, and elastane, it offers lightweight insulation and stretch. With its UPF 50+ feature, the fabric blocks over 98% of harmful UV-rays. Soft, warm, and flexible, it's ideal as a midlayer or on its own for everyday wear and active use. The midlayer features thumbholes, two zipped front pockets and an armpocket on the left sleeve.

Material: 66% Recycled Polyester, 26% Rayon, 4% Polyester, 4% Elastane
350 g/m²
